HALLOWEEN TREAT HUNT 2020

OCTOBER 24 AND 26-30, 3-6 PM

Clues

1. **Walgrove Elementary** - Start at the place where digital announcements are made and look there for your first clue displayed, which will take you to treat stop #1.
2. **3473 Redwood** (Madjid/Cramer family) - Just a short walk from Walgrove, you'll find a creepy blue house under a giant spooky tree. Look for a much smaller, creepier gingerbread house under a giant spooky bat, by the light of the orange lights. There you will find a numerical clue. Use it to "unlock" the secrets of the dead in the coffin below.
3. **3617 Rosewood** (Margeson family) - Roll open the gate, enter if you dare. Creep onto the lawn and don't get scared. Beyond the zombie graves, between the two chairs, check under the spider webs and find treasure there.
4. **2133 Louella** (Kalaitzidis family) - Under the smell of lemon flowers, someone died in the spooky hours. But don't drink from the witches brew because in there you'll find the next big clue.
5. **1234 Palms** (Jackson family) - choose your own adventure (but only one!)
 - Path 1 (fun) - follow the pumpkins to the guardian of the trees where you will find yourself a couple of treats. **Choose 2 treats.**
 - Path 2 (spooky) - follow the spiders and walk this path with fear, for at the end Bob will have a treat for you near. **Choose 1 treat.**
6. **1221 Palms** (Barto Family) - Yes! You will find treasure here too. Look for the one who says Boo! Where they used to have feet, you'll find your treat.
7. **Mitchells Little Market (1915 Penmar)** - Show Mr. Woo your map (printed or digital) and you will get your final treat!

Tips and Tricks

1. Follow all LA County COVID-19 guidelines
2. Wear costumes and bring a goodie bag to collect your treats!
3. Please take only 2 treats per stop, unless otherwise noted. Parents: please help to enforce so we have enough treats for everyone.
4. The final stop closes around 6:30 pm so please plan accordingly since you'll need about 1 hour to complete the full hunt. You will need to wear a face covering in the market and only one family can enter the market at a time.
